

Steering Committee meeting

20th of October 2021

Objective of the meeting

During the next Steering Committee meeting we will gather together partially in Brussels and partially connected online, to present the achievements accomplished, the future plans, the risk we see and the mitigation strategies we found. It will be a moment of priceless exchange for all and an essential tool for the Consortium to collectively decide about the next steps to take.

Timing

The meeting will be hybrid with a delegation of the Consortium being present in Brussels on the 20th of October, at the CEMR premises, while the other participants will be connected via Webex platform. The meeting will start at 9h30 and will last until 12h30.
